*EMV: End Module Voltage

>> Also available in 7.2Ah, 9Ah, 12Ah, 18Ah, 28Ah, 75Ah, 105Ah

>> High Wattage Series (HWS) available in 388W, 440W, 540W, 730W (15 Min/cell @ 1.67 ECV) for Data Centers & other float Applications.

>> FR - Poly is available as optional

Recharge characteristics

Charge Setting @ 27°C	Charging Voltage per 12 V Module
Float	13.50 V
Boost	13.80 V

The maximum current limit in either charge provision will be 25% of the rated capacity (AH) at a 20-hour rate.

Company-owned service network

An expanding sales and service network spread across the country backs the Amaron Quanta™ range of batteries.

The network consists of a qualified team of engineers who provide pre and post-sales service and support.

Back-up your UPS battery decision with solid, proven technology. Choose Amaron Quanta™

Authorized Quanta Alliance (AQuAs):

AMARON®
QUANTA
LIFE UNINTERRUPTED

THE LONG LIFE
UPS BATTERY

488 865 865 2558 9037
Energy Performance is a relative measure of battery life. For more, please refer to the technical specifications and safety instructions.

Presenting Amaron Quanta™, the industrial segment SMF battery for UPS applications, built to perform 'forever'. In short, the lifetime to your UPS applications.

Amaron Quanta™ is a product of fail-safe, fool-proof battery technology, produced and tested in our premier manufacturing facility. Built to the highest technical competence in its class, the Amaron Quanta™ is an example of Amara Raja's commitment to bringing the best of technology to your table. It features several firsts for the battery industry like the unique Radgrid™ profile.

As a company that is known for its legendary obsession with technology, Amara Raja has been behind some of the best innovations in technology that India has seen. Our VRLA – Valve Regulated Lead Acid batteries for example, were India's first major advancement in battery technology. This paved way for our literally no-maintenance and far reliable automotive battery, Amaron®. Amaron® has grown rapidly to become the preferred battery of leading auto manufacturers. Today Amaron sets the benchmark for quality and technology in the hitherto dormant automotive battery market.

Our every product comes with the double promise of Amara Raja's expertise and support of our alliance partner, Johnson Controls Inc., undisputed world leader in the storage battery business.

The Amaron Quanta™ comes to you with the same promise of advanced technology and unmatched customer service standards followed at Amara Raja.

An UPS battery is meant to provide back-up. So what's the back-up to the back-up? Shall we say, technology?

Amaron Quanta™ is the product of fail-safe, fool-proof battery technology, produced and tested in our premier manufacturing facility. It features several firsts for the battery industry, like the unique Radgrid™ profile.

Applications

- Data Centres
- Banks & Financial Markets
- Network Operations Centers
- Industrial Process Control Facilities
- Internet Housing Sites
- Semiconductor Manufacturing
- Power Generation Plants
- Hospital & Testing Laboratories

QUANTA™
- WHEN ALL
ELSE FAILS

DESIGN
FEATURES

Thicker grids and highest separator compression that prolong life expectancy

Reinforced end walls improve impact resistance

Inter-cell weld between cells, provide a high reliable, low resistance current path

Proven AGM technology that ensures maintenance-free characteristics

PPCP containers with low permeability that ensures no loss of water

Uninterrupted life

A clutch of design features ensures that Amaron Quanta™ batteries perform predictably and reliably every time.

- A unique heavy-duty corrosion-resistant alloy for positive grids, to increase cyclic life in tropical environments.
- Radgrid™ profile provides lower internal resistance and superior high-discharge performance.
- Instacharge™ a patented paste recipe for excellent charge acceptance.
- Low self-discharge rates for extended storage periods.
- Conforms to International Standards - JIS 8702C.
- Design float life of 10 years
- Clean and sleek looks.

Designed to make life easier

Since Amaron Quanta™ has a broad range of SMF batteries specifically designed for UPS application, it offers you the right choice, no matter what your particular standby power needs.

It is aesthetically designed, with an L shaped terminal block that comes with a rugged Flappon™ terminal protector that prevents shorts.

The metallic silver finish gives it a business-like look and feel that blends into the plush office environment.

And every other angle is covered too. Amaron Quanta™ is compact, lightweight, factory-charged, explosion-resistant and environment-friendly.

Uninterrupted back-up

Apart from the technology itself, its our stringent quality norms. Helping us meet them is our ISO 9001 Certified manufacturing plant. This is one of the newest and most extensive facilities in the Johnson Controls Alliance. Our Battery Excellence Centre ensures that we set industry benchmarks.
